Mr. Miguel Angel Rodriguez
Telemundo
15000 SW 27th Street
Miramar, Fl 33027

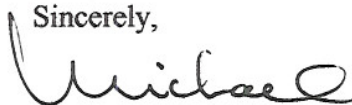

Dear Miguel,

I wanted to take a moment to thank you for professionalism while you were in Key West covering Hurricane Rita. It is the goal of the city to cooperate with the media, even during the stressful times of hurricanes, so I hope you found everyone accommodating.

Please give my business cards to your assignment editor and news desk, so I can be contacted whenever Telemundo crews are headed to the Southernmost City. I can arrange interviews with city officials, including the mayor, city manager, chief of police and fire chief. I also assign parking passes that will help your vehicles avoid parking tickets.

I would like to hear about your experiences in dealing with the city while you were here. Did we help you do your job? Did we miss something that would have made your job easier? I am interested in your opinions and look forward to hearing from you.

Sincerely,

Michael Haskins
